

## **ADAMEUS**

**Clan:** Toreador

**Sect:** Camarilla, formerly working for the Giovanni

**Status:** [0]

### **NOTES:**

- Adameus was a former Harvard student who had only been one year Embraced when I first met him. He was, according to TRIPHAENA's notes, under the Accounting of a Toreador known as JANX at some point in time.
- Adameus was a close associate of JIM SIRIUS and covertly converted to the Setite religion under his tutelage. He was also apparently well received under Prince SVETLANA KARAMAZOVA who wished to employ the Setites as her own personal "brute squad."
- After SIRIUS was blood-hunted, Adameus entered the service of AMADEO GIOVANNI as an independent mercenary of some sort.
- Shortly after my arrival into the city, Adameus took me to the Setite Temple and attempted to persuade me to join him in his spirituality. I declined, but we remained on fairly good terms in spite of this.
- After I experienced the hallucination of the snakes. Adameus took me aside and told me that I had been "given a warning." Shortly after this encounter he disappeared. and nobody has heard from him since. It was this incident that sparked my mental decline into acute paranoia over the next several months.
- While I do not know all of the details. Adameus claims to have been owed a great deal by LANGSTON, whom he claimed had been tardy in repaying his debt.

**ALEXANDER, NICHOLAS**

**Clan:** Brujah

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- Alexander arrived in New York on 2005-10-14. He claimed to be from "all over" and had generally flippant attitude.

**ALEXSON, DIANE**

**Clan:** Toreador

**Sect:** Camarilla

**Status:** [4] Acknowledged, Well-Connected x2

**NOTES:**

- Alexson arrived in NYC on 2005-09-16.
- She is in the habit of always having a small portable computer on her person and hopes to set up some sort of standardized information network for the New York Camarilla.
- ADAM JONES is utilizing her as some sort of unofficial information broker in his duties.
- **2005-12-09:** Declared Toreador Primogen.
- **2006-02-17:** Surrendered the Primogenship to RICHARDSON, apparently without conflict.

**ALLISON, ELISE**

**Clan:** Malkavian

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- Allison moved through NYC on 2005-11-25 to see a show. She is originally from Chicago which she is a harpist of some renown.
- During her stay, she made no reference to her Clan and seemed to be attempting to masquerade as a Toreador.
- She shows signs of having a full blown Dissociative Personality Disorder, in which she manifests two distinct personalities. The first is "Elise", the adult woman who plays the harp and is manifested most of the time. The second one is "Samantha" a young girl who is vaguely cognizant of "Elise's" existence and resents being left alone by her.
- At some point during court, Allison was contacted by a wraith (not belonging to the Giovanni) who caused her to become quite distraught. "Samantha" began to manifest at this point, and ran from the room in fright, disrupting the proceedings.

**ANGER**

**Clan:** Setite

**Sect:** Follower of Set

**Status:** [?] Presumably Tolerated

**NOTES:**

- "Anger" stopped in the Camarilla Elysium briefly to contact GRETCHEN FAUSTUS on 2005-09-30. He is presumably affiliated with the Temple Setites.
- He travels in the company of "ENVY", "VANITY" and a Brujah named TONY.

**ASANO, CASSANDRA**

**Clan:** Toreador

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- Asano arrived in NYC on 2005-09-16. She did not intend to stay for very long as she is prone to travel.
- She likes to pet things.

*Personal Note: "Things" being defined as me, my Deputy, the Harpy, the Tremere Primogen and anything else unfortunate enough to cross her line of sight.*

## **ASSARA, JAMAL**

**Clan:** Ventrue

**Sect:** Camarilla

**Status:** [2] Acknowledged, Established

### **NOTES:**

- Originally from Austria, Assara claims to have weathered numerous wars. He is very old, so he claims and apparently knew both Richard Strauss and J.R.R. Tolkien in person.

*Personal Note: He apparently thinks I'm as old, if not older than himself, as he's convinced by all accounts that I knew John Calvin. Idiot.*

- In NYC, he has served as Harpy, Primogen and Seneschal, and has lived to see the reign of at least four Princes. He resigned from his post as Seneschal after the Gangrel attack on Elysium on 2005-04-15, which he may have been responsible for instigating.
- TONYA MASON was under his Accounting.
- **2005-09-30:** The young Assamite, JOEY NAVIS, was briefly placed under Assara's Accounting. Apparently there was some sort of altercation, however, and JOEY was staked by Assara. Afterwards JOEY was taken into the custody of WILLIAM LANSING.

*Personal Note: It's been decided that he's apparently discovered the truth of how to achieve universal happiness.*

**ATHENA**

**Clan:** Brujah

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- The Childe of JOVEN VERDITUS.
- At some point during the reign of SVETLANA KARAMAZOVA, HADRIAN EVANS (then Sheriff) went temporarily insane and shot her repeatedly in some kind of fit.

**AZARIAH**

**Clan:** Gangrel

**Sect:** Anarch

**Status:** --Dead--

**NOTES:**

- Azariah was apparently informed by LUSCIOUS JACKSON that the Camarilla had Gangrel staked and held prisoner on the 47th floor. She went there on 2005-09-30 with COLIN to investigate after somebody had managed to hack the elevator security system. During this unauthorized trespass COLIN attacked PRINCE EVANS and was, himself, subdued.
- **2005-10-14:** Killed.

**"BANE RAGE"**

**Clan:** Malkavian Antitribu

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Set up a communal Sabbat haven at 334 East 151st Street, with "KANDY".

**BARNETT, CHRISTIAN**

**Clan:** Assamite

**Sect:** Camarilla

**Status:** [1] Acknowledged

**NOTES:**

- 2006-03-31: Arrived in the City.
- Barnett approached me and explained that he has a rare power which allows others (Kindred and mortal) to use his Disciplines through imbibing his blood. He was very helpful the evening of his arrival, and used this power to great effect to falsify the murder of GRETCHEN FAUSTUS by H and DEVIN FARREL.

**BRESLIN, DIANA**

**Clan:** Tremere

**Sect:** Camarilla

**Status:** [?]

**NOTES:**

- An Archon who claimed the Princeship for some time of New York after JOVEN VERDITUS defected. Succeeded by EVANS.

## **C-DOG**

**Clan:** Brujah

**Sect:** Camarilla

**Status:** [1] Acknowledged

### NOTES:

- Former Anarch Baron who defected to the Camarilla on 2005-12-09. He did so due primarily due to the deaths of JOHN TISCH and SARAH CAPONE, who were killed in the May 13th Sabbat raid, in spite of not being affiliated with the Camarilla. Apparently the other Anarchs have since persisted in maintaining ties with the Sabbat, and he feels the Camarilla is the only place where he may successfully seek vengeance.
- C-Dog is wracked by tremendous guilt over having left his family at age eighteen. They are probably still alive, but he is unable to contact them due to the obvious complications brought on by the Embrace.
- **2006-01-06:** Joined rather disastrously with LANSING's coup attempt. Eventually fled with him to New Jersey. While there is an agreement on the part of EVANS that no harm shall come to him if he returns to New York, he appears to continue to take residence with the Kuei-jin.

**CALEBROS**

**Clan:** Nosferatu

**Sect:** Camarilla

**Status:** [?] Acknowledged...

**NOTES:**

- Former Prince of New York, who ceded the throne shortly after the battle of New York.
- Apparently some sort of Clan business that involves him is what has driven GOLDMAN from the city.

## **CAMERON**

**Clan:** Brujah

**Sect:** Sabbat

**Status:** --Enemy Combatant--

### **NOTES:**

- Famed diplomat and negotiator across the West Coast, Cameron was for a time a neutral go between betwixt the Camarilla and the Sabbat. He was also affiliated with the New Camarilla/Kuei-jin Alliance during their instantiation, although he claims this was under duress. Since then, he has made indications that he has formally joined the Sabbat.
- Speaks Latin, Mandarin, Cantonese, Japanese and several other languages.

*Personal Note: In spite of his current affiliation, Cameron is a fascinating man. Back when he attended Elysia I had many a conversation with him, the most memorable being his desire to be the first Kindred in space. Pity we'll probably end up killing him.*

**CAPONE, SARAH**

**Clan:** Brujah

**Sect:** Anarch

**Status:** --Dead--

**NOTES:**

- Head-strong girl. Defected to the Anarchs a few weeks before she and her lover JOHN TISCH were captured and killed in the May 13<sup>th</sup> attacks.

## **CASTAÑUELAS DE LA PLATA, SOFIA**

**Clan:** Lasombra *Antitribu*

**Sect:** Camarilla

**Status:** --Dead--

### **NOTES:**

- Originally from Spain, where she was married to some sort of Count. He died, presumably before her Embrace.
- An extremely devout Roman Catholic by today's standards, with extensive sway in the Church. She is able to exert some control over groups of hunters.
- Came to New York originally before me, where she stayed with TRIPHAENEA, the Toreador harpy. At some point in time she was pushed, unstaked into a box and sent back to London, where she spent the next several weeks in paranoid psychotic fear that the Sabbat would kill her.
- Taken during the Sabbat raid on May 13th and killed in the back of one of the armored vans.

*Personal Note: Prior to her capture, EVANS, after disguising himself, cut her hair, dressed her as a janitor and proceeded to have sex with her on a small cot in the basement. While I assume this was a diversionary tactic of some variety, I have never figured out how on earth he got her to consent.*

- The priest of her church was murdered in what appeared to be a cultic gangland killing several months after her death.

**CENCI, DONNY**

**Clan:** Lasombra

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Former Bishop of the New York Sabbat. Was eventually deposed by the rest of the sect for being too individually motivated. Sire of RONNY CENCI.
- More corporately minded than most of the Sabbat, had his hands in a fair amount of politics.
- Attempted to seek asylum in the Camarilla with RONNY, but left very early on.
- LAYLA and the Sabbat are apparently hunting him, and he was apparently somehow involved with the mass exodus of FJODOR and others that occurred sometime in the Fall of 2005.

## **CENCI, RONNY**

**Clan:** Lasombra

**Sect:** Sabbat

**Status:** --Prisoner--

### **NOTES:**

- Ronny Cenci was originally a low level Mafia punk who after his Embrace rose to become a highly skilled mob assassin known as the "little bulldozer." He used his skills as a member of Clan Lasombra to kill large numbers of people as an intimidation tactic.
- After he and his Sire, DONNY CENCI were forcibly removed from the Sabbat on account of what was deemed DONNY's "over-ambition", the two of them sought asylum with the Camarilla. EVANS, DOBBS, and SOFIA were aware of this transaction.
- Ronny is a deeply violent individual who during the course of his time infiltrating the Camarilla became a rather large scale serial murderer. He views rape, torture and violence as "therapeutic". He also seems to have a great deal of psychological problems regarding Father figures, particularly DONNY and FJODOR.
- Planned and orchestrated the May 13th attacks.
- **2005-10-18:** Successfully captured at Grand Central Station.

## **COLIN**

**Clan:** Gangrel

**Sect:** Anarch

**Status:** --Prisoner--

### **NOTES:**

- Colin was MCGREGGOR's "brother". Although I do not know if this is literally true, or if it part of MCGREGGOR's more metaphorical definition of family.
- Apparently informed by LUSCIOUS JACKSON that the Camarilla had Gangrel staked and held prisoner on the 47th floor. He went there on 2005-09-30 with AZARIAH to investigate after somebody had managed to hack the elevator security system. During this unauthorized trespass, Colin attacked PRINCE EVANS and was subdued.
- After his capture, MCGREGGOR was informed that COLIN had been killed. He made a request that his brother's ashes be delivered to him. EVANS, afraid that the Anarchs might determine that Colin was still alive from the ashes, asked me to psychically read ashes harvested from cutting off Colin's arms and legs.

*Personal Note: I didn't go mad, but it was the worst vision I have ever had to endure. I felt everything that happened to him, only I was me. I was Lillian Greer instead of Colin, and Bojan tore open my torso and Evans sawed off my limbs, and I couldn't scream. I didn't go mad though.*

- 2006-03-31: Apparently LANSING, after his *praxis* declaration, had COLIN shipped back to MCGREGGOR. MCGREGGOR has confronted me about this but apparently feels no great ill will.

**CRISPIN**

**Clan:** Malkavian

**Sect:** Anarch

**Status:** [?] Presumably Tolerated

**NOTES:**

- An Anarch scholar of some sort who displays marked Obsessive behavior and Paranoia.
- Crispin disappeared some time ago, much to the chagrin of C-DOG. Attempts to contact him have been fairly fruitless. By manipulating the Network, however, I managed to get in touch with him briefly (via phone). I found out that he is being held in the haven of BROMME FRIEDRICH III, and that he is reluctant to leave as he has been furnished with a library and is afraid of the outside world.

**DAWSON, WALTER ASCOT**

**Clan:** Assamite

**Sect:** Assamite

**Status:** [1] Tolerated

**NOTES:**

- **2006-03-31:** Arrived in the City.
- Dawson has allegedly come to New York at the behest of his Sire to study the Path of Humanity and compare it to the Path of Blood, which is native to his Clan. He is notably emotionless, and goes about his queries rather mechanically.
- Dawson claims to have knowledge of the inner workings of independent hunter groups, and has offered his services in tracking and dealing with them.

## **DE LACROIX, ROLAND**

**Clan:** Clanless

**Sect:** Sabbat

**Status:** --Prisoner--

### **NOTES:**

- Roland De LaCroix, also known as "Slave 17" is allegedly one of the soul survivors of a Tremere directed experiment back in 1480 AD. The goal of this project was similar in some ways to the creation of Gargoyles and was, according to him, an attempt to create an amalgam of all Clans. He claims to have been one of twenty specimens created in this process, although he claims that "Slave 4" and "Slave 7" have been destroyed, and by his hand.
- In 1483, Roland awoke to find all of his captors dead and slaughtered and the other "Slaves" rapidly undergoing what I would assume would be some sort of rapid magical mutation. He escape from the Chantry where he was being held and voluntarily placed himself in torpor for the next 400 years.
- In 1880, he was awakened by a Malkavian known as DMITRI. DMITRI was a seer, and shared collective visions with a group of three of his clanmates. They claimed that Roland and his brood were destined to eventually lead the Clanless into battle against the Antediluvians at Gehenna.

*Personal Note: Roland, like myself, believes this is utter garbage.*

- Roland joined the Anarch movement sometime around the turn of the century. He was forced into torpor yet again, however, when he a a contingent of Brujah were caught in an explosion during some industrial sabotage. He awoke again (with DMITRI's aid) in 1990, where he rejoined with the Anarchs.
- At some point in time after this, however, Roland suffered a black out. When he awoke, DMITRI and thirty-five of his fellow Anarchs lay slaughtered, much as the Tremere had been back in 1483. He moved toward New York at this point, still seeking vengeance against the Tremere, the location of his fellow "Slaves" and for the answer as to why his comrades had been slaughtered.
- Once in New York he found the Anarchs less than helpful to his cause, he joined with the Sabbat purely out of utility. He was captured by me on 2006-01-06 outside a bar known as the Hopping Frog. To my knowledge, at the time I captured him he had never partaken of the Vaulderie.
- De LaCroix initially had caught my attention as he was responsible for the initial entry into the Bronx Tremere Antitribu Chantry, which ADAM JONES investigated on 2005-12-05. He proceeded to take the entire body of thaumaturgical tomes and artifacts from the Chantry Library. He also left a note reading

"Dear dead Tremere, I hate you." in the mailbox.

- It should be noted the Roland De La Croix is very very evidently mentally disturbed and shows signs of acute schizophrenia. It is quite possible that some or all of his story may be influenced by delusional behavior or even be fabricated.

**DOBBS, WILLIAM****Clan:** Toreador**Sect:** Toreador**Status:** --Dead--**NOTES:**

- A quiet, friendly and absolutely brilliant little man. Served as Keeper and Toreador Primogen before he was taken by the Sabbat.
- In the early Spring of 2005 Dobbs was summoned using powers of the blood to a nightclub where the Sabbat were present. EVANS, myself, PETROV, SARAH, TISCH and LANGSTON gave chase in two cars. I was psychically projected for most of the incident, but lost contact after being threatened with Dread Gaze while manifesting. Later on, I observed them placing Dobbs in a body bag. He apparently ended up in FJODOR's haven. He was later returned to us intact in body, but obviously a potential compromise.
- Dobbs was captured by Sabbat controlled Sabbat teams on May 13th and was presumably killed.

**DUNSIRN, ANGELUS "ANGEL"**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- Angelus is a polite and fairly friendly man with some experience in the occult and dealing with wraiths. NUNZIO, however, has a marked disdain for him as an underling.

**ENVY**

**Clan:** Setite

**Sect:** Followers of Set

**Status:** [?] Presumably Tolerated

**NOTES:**

- "Envy" stopped in the Camarilla Elysium briefly to contact GRETCHEN FAUSTUS on 2005-09-30. She is presumably affiliated with the Temple Setites.
- She travels in the company of "ENVY", "VANITY" and a Brujah named TONY.

**FARREL, DEVON**

**Clan:** Assamite

**Sect:** Anarch

**Status:** [0]

**NOTES:**

- Claims to be over 150 years old, and has traveled with JAMES MCGREGGOR for the last fifty.

*Personal Note: In spite of this, and his claims otherwise, he is utterly indiscreet. Never wave a business card for your assassination service around potential clients in a crowded room.*

- Has apparently taken JOEY under his wing to some extent.
- 2006-03-31: Farrel and "H" have apparently broken their ties with the Anarchs and are taking out contracts from the Sabbat. MCGREGGOR has since disowned them.
- 2006-03-31: Farrel and "H" have essentially made political enemies of both the Camarilla and the other independents, having threatened the Giovanni, having attempted to assassinate GRETCHEN FAUSTUS, and having attacked one of our security guards, breaching the Masquerade. Their Clan is not pleased.

## **FAUSTUS, GRETCHEN**

**Clan:** Setite

**Sect:** Camarilla

**Status:** [1] Acknowledged

### **NOTES:**

- Gretchen M. Faustus was born to German immigrant parents sometime in the first half of the 20th century. She entered academia, became a professor and was eventually Embraced by a student whom she'd had an affair with after a botched suicide attempt.
- The story of Faustus and myself is a rather long and intricate one. Sometime back in the Spring of 2004, I'd hit the height of a certain paranoia which I had developed regarding her Clan, and the two of us came into conflict. She was convinced I was pushing at Columbia for actions to have her removed. In turn, she had one of my students murdered, and attempted to frame me for it.
- After LANGSTON reported (somewhat incorrectly I might add) that she was a traitor to the Camarilla, I seized upon the opportunity and avenged my insult. I offered Faustus a bargain. In exchange for me removing any treasonous thoughts, memories, and ideas from her head which LANGSTON had seized upon, she would voluntarily become my full thrall. It was ultimately her choice, and she agreed.

*Personal Note: Here I am, offering bargains to one Dr. Faustus for what is essentially her soul. What part must I therefore be playing?*

- The process of rewriting her memories was long and tiring and took near two months to complete. The end result is that Faustus believes that she has never held ulterior motives in joining the Camarilla, and bizarrely enough, that she is a true Setite sorcerer. This latter fact is sadly false. Also, I must guess as a result of imbibing my blood, Faustus is now mad, and hears the voices of the Gods talking to her constantly in her head.
- The quintessential problem Faustus faces, is that she is ultimately not a very good Setite. Her faith in her dogma has been shaken and she is drawing closer to wassail. The sad part of the story is that her two greatest pillars of Faith right now: The idea that she is a sorcerer and the voice of Set in her head, are illusions which I directly or indirectly am responsible for.
- **2006-03-20:** She's apparently been sleeping with AUBERON.
- **2006-03-31:** DEVON FARREL and "H" made it known that they wished FAUSTUS slain. CHRISTIAN BARNETT, most obligingly helped me to disguise a mortal prostitute as Gretchen and we Dominated her to go along with BARNETT to a meeting where they killed her. As a result, however, Gretchen must be presumed dead. I phoned her up

and told her to lay low.

- **2006-04-24:** She's gone. She told her followers to burn her things so nobody could scry her. She went away willingly. She was sad. I felt it when I stopped by her haven.

*Personal Note: It's probably for the best. I can't really feel much anymore.*

**FRIBBLEY, MATTHEW**

**Clan:** Samedi

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- A quiet polite man. Interested in the philosophical questions regarding the death/life transition.
- GRETCHEN suspects that he is part of some obscure bloodline. WEST's notes claim he's a Samedi. I might have to look into it.

**FREDERICH, BROMME**

**Clan:** Bromme Frederich III

**Sect:** New Camarilla

**Status:** --Blood Hunted--

**NOTES:**

- Former Prince of New York before he suffered some sort of mental breakdown, during which SVETLANA KARAMAZOVA seized power.
- He was apparently part of the "New Camarilla" movement.
- In late Spring of 2004, he re-appeared in court and made a declaration of Praxis over Staten Island. EVANS rejected his claim, and as this has traditionally been the territory of the Anarchs, he is now considered their enemy.
- He is currently holding the Anarch Malkavian "CRISPIN" at his residence. While it is presumed that this is in some way an imprisonment, CRISPIN seems reluctant to leave.
- ISSAC TEMPLAR seemed to have some sort of dark fixation on him, particularly relating to the death of his mortal wife and his subsequent gaining custody of her son.

**GHIBERTI, ANATOLE**

**Clan:** Giovanni

**Sect:** Unknown

**Status:** [1] Tolerated

**NOTES:**

- Arrived in New York 2005-11-25 from Versailles in the company of SELENE VOERGE.
- Spoke very little, as he did not understand English, only French and Italian.

**GIOVANNI, AMADEO**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- Amadeo was Don of the Giovanni before NUNZIO. While I know very little about him I do know that the Giovanni were generally more feared and prominent during his time in power.
- ADAMEUS worked under him for some time.

**GIOVANNI, CELECIA**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- A Necromancer capable of manipulating wraiths on some level. NUNZIO seems to trust her more than ANGELUS.
- **2005-10-31:** Celecia evidently summoned some type of wraith to spy on somebody in the AOL/Time Warner building.

*Personal Note: Unaware that she is not the only person in the world who can speak Italian.*

**GIOVANNI, MITA**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- Mita Giovanni appeared in New York around the time of the January coup attempt. She travels in the company of a Gangrel known as PAPA BEAR.
- Mita was one of the first to become cognizant of LANSING's position with the New Jersey Kuei-jin. She was apparently in contact with CAMERON at the time and offered to served as a Camarilla emissary to the Thrice Plowed Court. This offer was naturally refused.

**GIOVANNI, NUNZIO**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- Current Don of the Giovanni.
- **2005-11-25:** Agreed to try to locate VOJISLAV on my behalf, after I pointed out CELECIA's previous misdeeds and agreed to hush them up. Didn't ask any questions. Didn't get me VOJISLAV either.
- Seems to -like damn near everyone else- have taken an interest in me. Bought me dresses and took me jazz dancing. Overall, not the worst of distractions.

**GIOVANNI, VINCENT**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [1] Tolerated

**NOTES:**

- Potentially related to the Gangland killings of LA CONDESA's priest.
- MCGREGOR claims that he is in possession of the three-gemmed serpent ring that many people are apparently interested in acquiring.

## **GIOVANNI, VOJISLAV**

**Clan:** Giovanni

**Sect:** Giovanni

**Status:** [0]

### **NOTES:**

- Murdered BOJAN's brother back in Serbia (political reasons) when BOJAN was still mortal. The two of them have apparently been hunting one another ever since. Came to New York sometime this Spring. I agreed to help kill him.
- **2006-03-30:** I enlisted the help of MU HUANG SEN to locate him. He's staying at Room #391 at the Hilton by Central Park. Phone #: 324-555-9704.

*Personal Note: What he wants to do. I hate him.*

- **2006-04-14:** I called him up and offered to sell out BOJAN. We hope to ambush him while I negotiate the deal. I have to meet him Tuesday at a Denny's outside of New Jersey.
- **2006-04-18:** I went to the Denny's. He wasn't there. He instead had a wraith instruct me to drink from a vessel loaded up on Ambien. I fell asleep. We met in a dream. The wraith can apparently shape dreams.

He demanded I take him to BOJAN. I refused. He severed my arms and threatened to fuck the bloody stumps. I emphatically refused. Eventually we came to a standstill. Apparently somebody has been trying to kill him (Not BOJAN or ROSKE or me). If I can find the assassin, he'll meet with me in person.

I can't see BOJAN until then.

He's having ANTONY (his dream shaping wraith) tail me.

- Vojislav, is definitely suffering from some sort of severe psychosis/messiah complex. He seems to be obsessed with the "perfect imperfection" and talks about an "age of flesh". His motivations regarding BOJAN are complex. He wishes to "enlighten" him through inflicting suffering.
- **2006-04-20:** Found the would be killer. It was SIMON MORRIS. SIMON, after having heard telepathically I wished Vojislav's death, took it upon himself to kill him as a show of his power (Simon's ego is an interesting thing). He sent in a SWAT team and had him subdued and staked.
- The problem we now face, however is that SIMON apparently did this on Saturday, and Vojislav has called me since. After investigation of the body I found that it had no consciousness, not even a dormant one. One of the wraiths (ROBERTO this time) told me to return the "double". While I can't say for certain, I suspect that Vojislav has a back-up body of some sort, and a

means to transfer between them.

He's demanding the body back, care of the other Giovanni in the city, and then he'll agree to a personal meeting. This poses a bit of a dilemma. I can't trust him or the wraiths. In the meantime ANTHONY and ROBERTO have been tormenting SIMON.

**GOLDMAN, JAY**

**Clan:** Nosferatu

**Sect:** Camarilla

**Status:** --In exile--

**NOTES:**

- **2005-10-14:** Arrived in New York, from Texas.
- **2005-11-11:** Declared Nosferatu Primogen.
- Apparently is on some sort of Clan business that involves him and CALEBROS, and which he is very reluctant to inform anyone else about. This is what drove him both from the crucial council meeting during the January coup and eventually from the city.
- **2006-02-07:** Stripped of status and sent into exile by EVANS.

*Personal Note: He thanked me. The bastard thanked me for burning out his eye.*

**GRIGORI, FJODOR**

**Clan:** Tzimisce

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Former Bishop of the New York Sabbat. He is also apparently a sorcerer of some variety and had dealings with JIM SIRIUS.
- According to the testimony of Anarch "Baroness" KIMIMELEA, and of ROLAND DE LA CROIX, he has left the New York Sabbat recently, possibly being hunted by the Sect.

## **H**

**Clan:** Assamite

**Sect:** Anarch

**Status:** [0]

### **NOTES:**

- H travels in the company of DEVON FARRELL. He is mute, and DEVON often speaks on his behalf.
- **2005-10-31:** Vomited on the 47th floor and passed out.
- **2006-03-31:** FARREL and "H" have apparently broken their ties with the Anarchs and are taking out contracts from the Sabbat. MCGREGGOR has since disowned them.
- **2006-03-31:** FARREL and "H" have essentially made political enemies of both the Camarilla and the other independents, having threatened the Giovanni, having attempted to assassinate GRETCHEN FAUSTUS, and having attacked one of our security guards, breaching the Masquerade. Their Clan is not pleased.

**HALDOR, REINO**

**Clan:** Tremere

**Sect:** Camarilla

**Status:** [1] Acknowledged

### **NOTES:**

- I don't know much about the history of James Hawthorne. However, he contacted me late in the summer of 2005 with an offer of friendship. He apparently wanted to maneuver me onto the Primogen Council to form a voting block to check ADAM JONES. He knew at the time about the whole incident with PETROV and expressed his admiration, oddly enough.

I told him I'd consider it.

- **2005-11-11:** Hawthorne was reported to have been captured and presumably killed by a group of disgruntled Anarchs in Boston.

## **HELGIORMIR**

**Clan:** Setite

**Sect:** Followers of Set

**Status:** [?] Presumably Tolerated

### **NOTES:**

- Helgiormir originally came from Scandinavia in the Middle Ages, perhaps in the region of Norway. He entered torpor as a result of some sort of altercation between a Tremere he was attempting to convert to Setitism. The Tremere had apparently gotten involved with a Baali. As a result of his slumber, Helgorimir is very anachronistic and is often confused by the modern world. Explanatory Note: The Baali, according to GRETCHEN, are an extinct bloodline of vampires who are infernalists.
- Helgiormir is considered to be very prestigious among Setites. He is also the great-grandsire of JIM SIRIUS.
- **2006-02-17** - Somehow found out about me and GRETCHEN. Wants her "re-educated"

## **"IMPULSE"**

**Clan:** Brujah Antitribu

**Sect:** Sabbat

**Status:** --Enemy Combatant--

### **NOTES:**

- Assumed to be in the same pack as LAYLA REESE and ISAAC TEMPLAR. The Tremere after observation claim that he is the priest.
- Responsible for the assault on the Knicks game on 2006-03-03. Overturned several cars.
- Seems to be a bit of a showoff. Has a motorcycle. Shares LAYLA's distrust of her Sect's elders.

**JACKSON, LUSCIOUS**

**Clan:** Unknown

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Apparently heavily involved in planning the May 13th Sabbat attacks.
- Owner of an upscale nightclub known as The Lotus.
- She has communicated with the Anarchs at some point in time, notably KIMIMELEA, COLIN and AZARIAH. It was apparently Jackson who gave them the tip off regarding the imprisoned Gangrel.
- According to the testimony of Anarch "Baroness" KIMIMELEA, and of ROLAND DE LA CROIX she has left the New York Sabbat recently, possibly being hunted by the rest of her Sect.

## **JONES, ADAM**

**Clan:** Tremere

**Sect:** Camarilla

**Status:** [6] Acknowledged, Devoted, Respected x2, Well-Connected

### **NOTES:**

- Adam Jones is an acutely paranoid, socially maladjusted, insect-like little man. He was born in Britain (I'm guessing at least the turn of the 20th century, if not before). He appears to have spent the majority of his Embraced life working in occult circles and has had very little human or Kindred contact outside of them. He has picked up some sort of bizarre mental illness from his continued exposure to the mystical which apparently causes him to speak "higher truths" when agitated. He is deeply deeply fearful of other Kindred becoming a threat and has tentative plans to destroy most of NYC's Camarilla if they should pose a problem to him. The only person, however, who he came close to enacting such a plan upon was JAMES HAWTHORNE.

*Personal Note: Jones' occult specialty actually involves mystical applications of insects. Appropriate.*

- Jones had a rather vehement hatred of former Ventrue Primogen JAMES HAWTHORNE, and as a result of his enmity took it upon himself to cast some sort of ritual over all of Clan Ventrue which essentially bungled all their paperwork with mortal contacts. I am not sure of the precise details of said ritual, save that it involves drawing a likeness of the target in squid ink. The resulting bureaucratic disturbance caused crippling problems in throughout New York's financial world and managed to attract the attention of a group of mortal Gaia-cultists (known as Bone-Gnawers) with regards to Jones. He also sabotaged a Ventrue soir e with the help of ROGER WILKINSON.
- After the coup, JONES offered a tentative alliance with me, based on what he considered to be chances of mutually assured destruction should we come to blows. I accepted the alliance but still loathe the man. He's since been quite the sycophant. He bought me a rare science fiction comic (I have a thing for pulp), and has been more than willing to get me snippets of occult information in exchange for keeping him up to speed. I toss him a bone now and then.

## **KARAMAZOVA, SVETLANA IVANNOVA**

**Clan:** Malkavian

**Sect:** Camarilla

**Status:** --Dead--

[OOO: Scribbled in English at the top of the page are the words "Don't lie to yourself. You wanted it! You wanted it all along!"]

### **NOTES:**

- Svetlana Ivannova Karamazov was the Prince of New York before JOVEN VERditus, who was Prince before DIANA BRESLIN who was the Prince before HADRIAN EVANS. At the time of her reign, however, EVANS served as her Sheriff. It was during her reign also, that EVANS had a memorable fit of insanity which resulted in him nearly killing the young Brujah named ATHENA. He was staked and taken to SVETLANA's room at the Chelsea hotel.
- After trying to reach him on the network repeatedly (a crude form of telepathy) SVETLANA was made aware of the true nature of his insanity, which she confronted him with upon un-staking him. EVANS, unable to cope with this, grew enraged and subdued and staked SVETLANA before dragging her back to his haven and stowing her in his closet.

I later found this to be incorrect. Svetlana fabricated the memory in her own mind after hearing of Evans' insanity to justify the fact that she attempted to diablerize him.

I looked closer. She was mad. We're all mad.

- It was through the Setites, who apparently were cognizant of this entire encounter (at least SIRIUS was) that I grew interested in the late Prince. Given what I knew, I went to EVANS' previous haven in the Bronx and started inquiring. Through a long string of events I found that Svetlana had, in fact, been stored in that building and that one of the realtors dealing with the property had found the body and reported it to the police. The corpse had been autopsied and buried in a local cemetery. Out of what I really cannot classify as more than perverse curiosity, I exhumed the body and revived it.
- Svetlana awoke confused, frightened and acutely paranoid. I let her explain the situation to me, ascertained it was true and agreed to aid her in helping to overthrow EVANS, setting up somebody more stable as Prince (Svetlana, herself, has no aims at the throne. Nor do I.) I set her up with some funds and temporary shelter and we planned how she could re-enter the city.
- The solution was that she would appear incognito. Disguised by powers of the blood, and by self inflicted scaring as somebody else. She gave herself the name GRUSHENKA and entered the city

in the guise of a newly converted Anarch.

- Svetlana, like all my Clan, is irredeemably insane, in that she lusts greatly for power and fears all around her who might try to keep her from it. Her megalomania however, is not borne out of a conscious desire to be powerful, so much as from her belief that in order for progress to be made, horrible things must be done, and she feels that it is better that she takes on the burden of doing them than others.

*Personal Note: As I write, I am currently at a loss as to how to deal with this odd piece of history I have unearthed. She is mad. Evans is also mad. However, I am less sure than when I began that Evans' madness prevents him from being a good Prince, even a great Prince. Perhaps again, that's the blood talking.*

*In any event, I will either be helping to head this coup or helping to extinguish it when it comes to fruition. It is an odd predicament to be in.*

*Later personal Note: I killed her in her own haven and brought Evans her head in a jar. I won't betray him.*

*Not this way.*

**KIMIMELEA "KIM"**

**Clan:** Clanless

**Sect:** Anarch

**Status:** [1] Tolerated

**NOTES:**

- Kim is the self-proclaimed Anarch "Baroness", with JAMES MCGREGGOR serving as "Baron".
- Kim is a strange creature. She is a Caitiff, but shows distinct features of both Gangrel and Malkavian blood. She has semi-functional vestigial wings and actual cat ears, and claims she is able to teach the Malkavian Discipline of Dementation. She also is hypersensitive to light, for which reason she wears an ornate mask with the eyes shaded over.
- KIM has apparently gone missing and the other Anarchs haven't seen her in months.

## **LANGSTON**

**Clan:** Malkavian

**Sect:** Camarilla

**Status:** [?] Acknowledged, Feared...

### **NOTES:**

- A Vietnam veteran. The war very evidently left him scarred. Also a complete and utter waste of flesh.
- He supposedly owed ADAMEUS some sort of large favor, which he never succeeded in fulfilling before ADAMEUS disappeared.
- He rapidly developed a singular and irrational paranoia regarding Clan Setite (not entirely dissimilar to the one I suffered for a while) after he attempted to psychically read a dead sebau. This was admittedly a stupid thing to do. Later he attempted to read GRETCHEN FAUSTUS' thoughts, but managed to either misconstrue or misinterpret most of them, which culminated in him calling her out as a traitor to the officers.
- After the May 13th attacks, Langston has retreated into hiding, and appears from all I can tell to have become fearful and paranoid to the point of non-functionality. On 2005-10-14 he returned very briefly to vote LANSING into the position of Primogen.

## **LANSING, WILLIAM**

**Clan:** Clanless

**Sect:** Camarilla

**Status:** --Blood Hunted, commuted to exile--

### **NOTES:**

- William Isaiah Lansing Jr. is quite frankly a neurotic mess. His mother died while giving birth to him, and while I'm uncertain as to what sort of initial complexes that gave him, I know that they have only grown with time.

He was first introduced to Kindred society by being bound and ghoulled to an ambitious Toreador-descended Caitiff who was aiming for a Primogeny (Sarah, I believe her name is), yet found herself opposed by the Ventrue Primogen VAN GARRIT. She used Lansing to try to break VON GARRIT's financial holdings and succeeded in endeavor. In vengeance, VON GARRIT destroyed Lansing's mortal family.

As a result of all of this Lansing carries a great deal of guilt with him, as he found himself unable to save his wife and children.

- Lansing seems to have a bizarre habit of attaching himself to beautiful, powerful, domineering women who remind him of the absent Sire he is thrallled to. He notably has exhibited this behavior with regards to LA CONDESA SOFIA CASTAÑUELAS DE LA PLATA and awkwardly enough, with regards to myself.
- He is the only person aside from myself to fully understand PRINCE EVANS' insanity. I told him after he guessed the truth.

*Personal Note: I wish I hadn't.*

- A genius with economics and finances in general. Speaks some Japanese as a result of having come into the practice in the 1980s. Likes manga.
- Uses the pseudonym James Robins.
- **2005-09-30:**

*Personal Note: Passed on the sword...*

- **2005-11-25:** At my behest, Lansing claimed that he had written a letter to his Sire asking her to steer clear of his life from this point on, and that he has dropped all contact with her.
- Right. It's evident enough to me that I keep most of my notes as a distraction, as much as for reference. This binder's becoming a personal confessional as much as anything else. I'll probably burn this before anyone else sees it, and if I don't, I expect to be dead by then anyhow.

So, to the audience I do not expect to have, here's the story of

how treacherous Lillian brought the good and pure-hearted William Lansing low:

In early January Lansing had gone missing for the night of an Elysium. This posed a problem, and we were concerned. However, I was more concerned with a Sabbath from try to ring him up. Evans tried to have him summoned. In reality, Lansing had be masquerading as "Jimmy," a clueless young neonate fresh to the city, and was sauntering about Elysium under our noses. He did so to see how his absence would be handled and how a potentially Clanless newcomer would be treated without him to represent them. This was, I will assert, entirely a petty exercise in ego, which Lansing has a great deal of issues with, as mentioned above. I naturally was assigned to verify Lansing's story when he resurfaced later that night. He had a rather flimsy claim that he had had some trouble feeding off of an anemic woman. I went to his haven to talk with him. We were friends, and I had visited him before. I quickly found out his ruse and there was a confrontation. I told him I would inform the Prince. We talked about it.

I don't know how the conversation took the turn it did. We talked about Evans first, and then the Primogen Council and his fears for the city and then somehow he ended up telling me the story of his wife, Helen, and of his children and VAN GARIT. I sat there listening to all of it, patient, waiting to speak and then he said something else:

"I love you. Well there, I said it."

I didn't speak then. I didn't speak for a long time.

I'm going to make it clear now that I did not and do not love him back. He put it well enough later in the conversation. He said to me, "Loving is something I do, not something that you do." I cared for him in a roundabout way, I suppose. He talked to me. He listened to me. He was pleasant. It was the sort of care I might assign to a dog or a hairstylist though, honestly; somebody I could let spill my emotions to without becoming invested in them. It's a falsehood to say I didn't value him in some manner. I'm not, in the end, as heartless as everybody says.

I didn't love him, and I couldn't become invested in him, because I didn't honestly respect him. He was and is, quite simply a weak person, with weak ideals and a weak will. He was caught up in a sea of neurosis which he manufactured into morality. Whatever he said about wanting a better Camarilla, about wanting equality for the Clanless, I knew on some basic

level he wanted this as an excuse to be strong, to hold office and gain power so that he could pat himself on the head and tell himself what a good idealistic little visionary he was.

I also knew he didn't love me but rather loved distorted aspects of me that he could make into his dead wife or his loathed Sire. He wanted me to be an abstraction, a Lillian he defined; the tragic opera heroine, whose sufferings would be alleviated by her knight in shining armor. I hate being abstracted. I hate being made into anybody else's ideal.

In any event, I was quiet for a long time, and I told him that I would still tell the Prince about "Jimmy". That turned the topic of conversation to the Prince. And then Lansing said the second thing that evening that I stopped me dead silent.

"I could kill him, you know."

And he went on to elaborate how he could slay Evans in his sleep and how West could be Prince and he could be Seneschal and I could be free and the Council could be strong and all would be well in New York. Of course, he also said he was joking.

Once you've gotten to the Seneschal-choosing portion of the plan, it seems to me, it's a little more than a joke. I pointed this out.

He looked at me dead seriously and asked me again whether or not I would tell the Prince. He said that the smart thing for him to do at this point would be to kill me. He looked at me sadly and told me he didn't want to do it. I knew both parts of this to be true. Lansing wasn't smart though. I told him, honestly at the time, that I wouldn't tell Evans. One thing led to another. I told him about SVETLANA. He decided he wasn't joking.

Lansing was going to trap Evans in his haven, within Elysium during the day, and use custom manufactured explosives and armed ghouls to destroy his body. He needed me to destroy his astral form should he escape. We would execute the plan before West returned and then explain it as a Sabbat terrorist act. After mulling out the details for over four hours he took me out to watch the latest *Underworld* movie (It was bad.) and drove me home.

I had just listened to a man declare his love, propose to assassinate my Prince and regnant, and vaguely threaten to kill me all in one night. I sat in my apartment and did next to nothing for the next 48 hours. I thought. This recess was very much what I expect limbo is intended to be like: blank, bleak

and seemingly eternal.

I'm going to make it clear now, as history should now make my eventual choice apparent, that I didn't and do not love EVANS either. A single drink of blood, as I and others are painfully aware, does not induce anything that can be strong enough to warrant the word "love". Longing. Obsession. Perhaps these are better words. Overall the sensation is one somewhat akin to the obnoxious twinge the brain gives off when it has forgotten something it doesn't want to remember. This is also, in the end, not a story that has very much to do with love at all.

Night after night, for months before this, in fact, I twisted around in my brain ways to tear that man to pieces, to make him cognizant as painfully as possible of the fact that I was not his dog and that a drink of blood wasn't going to change that. I will be honest. I have hated HADRIAN EVANS more deeply than anyone else can claim to. I had allowed SVETLANA to flourish unchecked. I had, in a way, hoped that Lansing would make such an offer, perhaps I goaded him.

What was my reasoning for betraying Lansing then? I have no love for HADRIAN EVANS, but I do have respect, and I do admit sadly that I can't quite tell if the blood came into play. I also knew that to serve under Prince WEST would eventually put my fate in Lansing's hands.

Whatever Lansing thought he felt, he would grow disillusioned some day, and if WEST ever uncovered the plot, I knew whose head was on the pole. And whatever Lansing might have said about being content in me not loving him, I could already foresee such contentment waning. I would have to pretend, in order to make him happy. I would have to pretend to love his ideals, and his new Prince and to love him.

Lastly, I didn't want the Camarilla Lansing envisioned: With a strong pseudo-democratic council and a weak Prince - a Camarilla ruled essentially by Von Sonderhausens and Joneses. I'll be frank. I admire tyrants. I admire the strong. The world is not made out of equals, and pretending it does leads to mediocrity, and even if I loath HADRIAN EVANS with all my soul, he is admittedly not mediocre.

So I sat in my limbo for two days, drifting, and then I arose to go confront SVETLANA, and until the precise second I began to murder her, I was still unsure what course of action I would take.

- **2006-02-03:** Lansing has apparently taken refuge with the Kuei-

jin of New Jersey.

- **2005-02-15:** By the judgment of the Mandarins of the "Thrice Plowed Court of New Jersey", Lansing will be prevented from re-entering New York by their people and his resources will be put in the hands of a Kuei-jin magistrate to be directed by EVANS.

*Personal Note: I hypothesize that Jones is simply being a bitch again.*

## **MCGREGOR, JAMES**

**Clan:** Gangrel (He claims) Possibly a Brujah or Toreador

**Sect:** Anarch

**Status:** [1] Tolerated

### **NOTES:**

- Self-proclaimed Anarch Baron, with KIMIMELEA serving as "Baroness."
- Irish Catholic. Former IRA member. While still vying for political change nowadays, he claims to have become much more of a pacifist.
- Speaks a great deal about his Sire or "Mum", Mary, who is apparently in possession of a wicked temper. She is apparently responsible for the loss of his eye. She also has apparently blood-bound him three full steps to herself.
- Seems very confused about his Clan. While he claims to be a Gangrel, he admits that he has trouble learning the Discipline Protean intuitively. He also is very proficient in the non-Gangrel Discipline Presence (which he is willing to teach).
- **2006-03-31:** McGregor approached me concerning his brother, COLIN, who was mailed back to him by LANSING. He was understandably upset, but held no grudge. He appeared to be honest.

- Suffers from very notable Obsessive Compulsive Disorder (preference for the numbers 3 and 5, must walk through any threshold three times, obsessively neat) Also somewhat socially awkward and a bit naive, Overall, however, not particularly unstable.
- Claims to have a wide variety of contacts in useful areas.
- **2006-04-17:** Caught stealing the Kuei-jin's gift of Plum Wine from my office and initiating telepathic contact with me against my will. XERICES is calling for a Blood Boon. EVANS is calling for his head on a platter.
- **2006-04-20:** Talked to Simon. Apparently he tried to regain my favor by killing VOJISLAV GIOVANNI. He had a SWAT team raid his hotel room, and eventually found and deposited his staked corpse. However, the results are level and is able to call me, and Simon is being tortured by ANTONY and ROBERTO. ANTONY apparently inflicts him with terrible nightmares of being tormented while Roberto causes surreal flowers to bloom around him and spew forth venomous black clouds.
- I lied about my apprehensions to him, and claimed I killed VOJISLAV's body. I really can't afford to have him mucking this up. He thinks he should focus on placating the ghosts, who still torment him after their master's demise.
- I rescinded the Blood Boon.

- Well received under PRINCE SVETLANA KARAMAZOVA, who wished to employ the Setites as her own personal brute squad, and enlisted Sirius as a personal adviser.
- During the reign of PRINCE JOVEN VERDITUS he was placed under the blood hunt.
- Sirius was, according to FAUSTUS, black-mailing EVANS for a long period of time before his death over the fact that EVANS attacked and staked PRINCE SVETLANA in a psychotic fit and abandoned her body. This accounts for EVANS willingness to help Sirius and HELGORIMIR kill BRIAN BUTLER. EVANS enlisted Sirius' aid to return DOBBS after his capture (It was not successful). Later, after his initial refusal to allow for action to be taken against Sirius, EVANS permitted Sirius' death, following the release of a Sebau into Elysium.
- Jim Sirius was eventually killed through the combined efforts of myself, WILLIAM LANSING and LA CONDES SOFIA CASTÑUELAS DE LA PLATA. LA CONDESA implanted memories in a Catholic club owner of Sirius appear before him in a demonic fashion, and orchestrated through this, a contingent of church hunters to lie in wait for him at that same club. He was summoned there by LANSING. EVANS was eventually made aware of the situation through me, but allowed it to go on as planned.

**SLANKOWSKI, IVAN**

**Clan:** Nosferatu

**Sect:** Camarilla

**Status:** [1] Acknowledged

**NOTES:**

- "Resurfaced" in New York on 2006-03-31. Claims to be looking for information regarding the whereabouts of CALEBROS.

**TEMPLAR, ISAAC****Clan:** Salubri**Sect:** Sabbat**Status:** --Enemy Combatant--**NOTES:**

- Apparently has some connection to the wraith that interrupted Elysium 2005-11-25.
- Nearly beheaded EVANS in the May 13th attacks. Failed to do so, much to RONNY CENCI's chagrin, who wanted a more formal arrest to take place.
- TEMPLAR seems to have had some bizarre fixation on BROMME FREIDRICH III, particularly regarding the death of his wife and his subsequent adoption of her mortal son
- Considered extremely honorable and loyal by other Sabbat members (DE LA CROIX and CENCI). In spite of whatever JONES may claim, he didn't seem to fit the bill of "Satanic monster." For example, he focused on a young girl Amanda Lein who was dying of cancer, and seems to have gone to great lengths to help cure her.

**THANATOS**

**Clan:** Gangrel

**Sect:** Independent

**Status:** [?]

**NOTES:**

- On 2005-09-16, Thanatos harassed several of our guards on the roof in the form of a condor and fled into the building. He was eventually apprehended and taken to Elysium. He has not been seen since.

**TISCH, JOHN****Clan:** Clanless**Sect:** Anarch**Status:** --Dead--**NOTES:**

- An NYU Theater Major who was apparently Embraced as a "joke" of some sort at a party and sent to Elyisum (back when it was on the boat). Upon arriving, he proceeded to vomit his internal organs onto the deck rather memorably.
- Became rapidly romantically entangled with SARAH CAPONE, and had just defected to the Anarchs with her when he was captured and killed in the May 13th attacks.

**Clan:** Toreador

**TURNER, MACKENZIE**

**Clan:** Malkavian

**Sect:** Camarilla

**Status:** [1] Acknowledged

**NOTES:**

- Arrived in New York 2005-09-30 from New Orleans.

*Personal Note: Obviously unstable but almost as obviously harmless. Suggested I get a badge and a horse. (Because I'm Sheriff). Rather amusing, all things considered. EVANS, of course, probably wants to get rid of her.*

## **VAN GARRIT**

**Clan:** Ventrue

**Sect:** Autarkis

**Status:** [?]

### **NOTES:**

- A fairly prominent and fairly old Ventrue Primogen in the Seattle area at one point. Possessed large financial holdings.
- Van Garrit at one point opposed the Primogenship of a Toreado descended Caitiff who would later become WILLIAM LANSING's Sire. It was in response to this opposition that she ghoulled, blood bound and eventually Embraced LANSING, with the intent of having him drive Von Garrit into financial ruin, using his exceptional skills in re-directing money. LANSING succeeded and his Sire achieved her Primogenship.
- As a result of LANSING's meddling, Von Garrit took vengeance by breaking into LANSING's house, killing his wife, Embracing his son, and ghouling his daughter. He has since disappeared. LANSING does not know his current whereabouts.

**VANITY**

**Clan:** Setite

**Sect:** Followers of Set

**Status:** [?] Presumably Tolerated

**NOTES:**

- Vanity" stopped in the Camarilla Elysium briefly to contact GRETCHEN FAUSTUS on 2005-09-30. She is presumably affiliated with the Temple Setites.
- She travels in the company of "ENVY", "ANGER" and a Brujah named TONY.

**VERONICA**

**Clan:** Salubri

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Capable of astral projection. Accompanied the Gangrel AZARIAH at one point.

**VERDITUS, JOVEN**

**Clan:** Brujah Antitribu

**Sect:** Sabbat

**Status:** --Enemy Combatant--

**NOTES:**

- Joven served as Seneschal under Prince SVETLANA IVANNOVA KARAMAZOVNA and assumed the Princeship very briefly after she was staked by EVANS. During his brief reign he apparently called for the Blood Hunt upon JIM SIRIUS.
- Joven is the Sire of ATHENA.
- When last he was seen (Sometime back in 2004) Joven was seen fighting on the side of the Sabbat.

**VOERGE, SELENE**

**Clan:** Toreador, possibly a Setite

**Sect:** Independent, possibly Giovanni affiliated

**Status:** [?] Presumably Tolerated

**NOTES:**

- Arrived in New York 2005-11-25 from Versailles with her companion ANATOLE GHIBERTI.
- Selene's parents raised her in Egypt where her father worked on the dig at Giza. She is fascinated by Egyptian culture and architecture, and has a number of tattoos in ancient hieroglyphs all over her body. One of these (which she claimed read "Underworld") notably read "Set".
- Her Sire was a draft-dodger, who fled with her to the Congo for some time. He was apparently burnt to death by natives there.

**VOIGHT, BENJAMIN**

**Clan:** Nosferatu

**Sect:** Camarilla

**Status:** [?] Presumably Acknowledged

**NOTES:**

- Arrived in New York 2005-10-11. Originally from London.

## **VON MEIRLING, NEIDHART**

**Clan:** Ventrue

**Sect:** Camarilla

**Status:** [1] Acknowledged

### **NOTES:**

- Arrived in New York 2005-05-13 (unfortunate timing). Originally from Berlin, Germany. Neidhart is a Sabbat defector. He left his former Sect due to the fact that they due to the fact that taking what were considered "inappropriate losses" in battle. His motivation for joining the Camarilla is based purely on survival, and he does not greatly appreciate the ideology.
- Notably inhumane, to a point most find disconcerting. Neidhart is, I suspect, following some type of Path of Enlightenment.
- Neidhart is a practitioner of Ariosophistry, the belief that one's skill with theosophic magic is based upon the purity of your Aryan blood. Neidhart has created a new system for measuring such purity based upon the various Clans. He believes, naturally enough, that Clan Ventrue has the purest concentration of "Cainite Aryan" blood, followed closely by Clan Tremere. All other Clans he places as somehow mongrel.
- Neidhart seems to suffer a great deal of ennui from his now quiet life as a defector, and spends a great deal of time attempting to fill his life with hobbies. Among these are: mountaineering, opera, and penning historical plays.
- He has a rather attractive young ghoul in his service named Elise.

**VON SOUNDERHAUSEN, FREDERICH**

**Clan:** Ventrue

**Sect:** Camarilla

**Status:** [?] Acknowledged, Feared, Revered...

**NOTES:**

- I don't personally know much about Von Sonderhausen. He is a very formal man with an extensive military history, and professes an interest in Sun Tzu and Schopenhauer (I can certainly sympathize with the later). Other than that he seems like a typical elder, anachronistic and somewhat difficult.
- **2006-02-05:** Left the city on Clan business.

**WEST, DARREN**

**Clan:** Brujah

**Sect:** Camarilla

**Status:** --Blood Hunted--

**NOTES:**

- Extensive influence in the Media. Responsible for the TBS television show New York by Night.
- Suffered a rather traumatic Embrace. Apparently he was fatally injured while attempting to stop a gang rape. Knew his Sire.
- Psychologically fixated both upon ensuring the success of the Camarilla as a sect and in being "great." More selfish than he let's on.
- **2006-01-20:** At LANSING's instigation West declared praxis over New York. He was promptly gunned down by the Primogen who had united under EVANS, whom he angrily denounced as corrupt. He was then, covertly bartered to lord NICOLAI of Clan Tremere, who sought to keep him alive in Chicago in return for the cancellations of boons owed to himself.

*Personal Note: He wasn't a coward in the end. I'll say that much. He wasn't an egotistical, self-righteous, sniveling wretch like his cohort.*

*I wish it was different. Even if I would have killed him. Even if he might have ultimately been weak.*

- **2006-02-27:** He has apparently gotten in contact with Bojan and told him to take the Primogenship, leave my service and wait for further instructions.

*Personal Note: Bojan didn't leave me.*

- **2006-03-16:** He called me. I remember he called me. EVANS found out. I tried to hide it.

**WILKINSON, ROGER**

**Clan:** Tremere

**Sect:** Camarilla

**Status:** [?] Acknowledged, Respected...

**NOTES:**

- Roger Wilkinson has a great deal of expertise in the realm of computers, and seems to appreciate the order and precision that they offer. He maintains an IT job in his mortal persona, which he apparently is able to carry over into the day, oddly enough. He naturally has a basement cubicle.
- Very obsessed with order, purpose, and perfection. Likes everything to be just right to a near obsessive point.
- Quite frankly, JONES' bitch.

## **XERICES, AUBERON**

**Clan:** Tremere

**Sect:** Camarilla

**Status:** [8] Acknowledged, Adored, Faultless, Influential, Loyal, Respected, Trustworthy, Praised

### **NOTES:**

- **2005-11-25:** Arrived in New York. Originally from Vienna, Austria.
- Very traditionalist, antiquated, and verbose. Auberon is somewhat perplexed by "New World" customs and clings to a rather over-courtlly set of mannerisms. Notably maintains a prejudice toward the Clanless.
- Allegedly his Sire kept him locked in a basement so that he might fully study thaumaturgy without distraction. He likewise allegedly repeated threw Auberon's blood-sister from a roof-top so that she might learn to fly. He then, upon seeing the rise of America to prominence sent Auberon to New York, hoping he could secure a position of power.
- Auberon never experienced the pleasures of the flesh prior to his Embrace. He proffered this minor secret in exchange for a minor secret of mine.
- He claims to have had some bizarre experience regarding a black box with a red button on it and some sort of hallucination involving alien abduction. He also gets phone calls from Elvis, finds strange toads in pawn shops, and apparently met a homeless person who claimed to be the devil.
- **2006-02-17:** Confirmed as Major Harpy by the Primogen Council.
- Had a fling with GRETCHEN at some point.
- Auberon seems to have taken quite an interest in me (more platonic than Gretchen apparently), although I can't ascertain why. He's definitely a cut above most others conversation-wise, although given his Clan I can't really take it seriously.

*Personal Note: I'll admit I was wrong. Or at least that I hope I was. God, I'm writing in this like a schoolgirl with a diary. It's the first time somebody kissed me in twenty years, and I wanted them to.*

*He just might be able to make it is why. He might be willing to be like me. I shouldn't hope though.*

- **2006-03-31:** He says he can break the bond. He wants to. I just need their blood.

*Personal Note: Evans said yes. Wait until after Vojislav is gone for Bojan.*
