

Current Projects:

- LANSING in agreement on the creation of a Joint Office of Camarilla Security.

Future Projects:

- Attempt to use Madness Network to locate Sabbat by bombarding any Malkavian *Antitribu* with an impulse to call a traceable phone number
- Finalize Joint Office of Camarilla Security.
- Continue research into the Hemopure artificial blood project.
- Look into filling the vacancy in the Malkavian Primogenyship.

Arrivals:

- FRIEDRICH VON SONDERHAUSEN (Ventrue, Camarilla) arrived in the city.
- CASSANDRA ASANO (Toreador, Camarilla) arrived in the city.
- DIANE ALEXSON (Toreador, Camarilla) arrived in the city.
- ANITA REUBEN (Toreador, Camarilla) arrived in the city.
- SUSAN ROSS (Assamite, Camarilla) arrived in the city.

Events:

- A Kindred known as THANATOS (Gangrel, Independent) harassed some of the guards on the roof while taking on the form of a giant condor. He was later apprehended and taken to Elysium.

Current Projects:

- ROGER WILKINSON has agreed to work on computer security in the Bobst Library secondary Elysium
- ADAM JONES has requested the analysis of some crime statistics, in the hopes that they will enable him to pin-point the location of what he deems "Sabbat-pattern criminal activity". I have offered to help.
- Joint Office of Camarilla Security created - EVANS wishes it to remain as informal as possible.

Personal Note: This fell through entirely. Evans creates his bureaucracy as he sees fit, apparently.

- ADAM JONES has agreed to lend his services in helping to test the HemoPure blood products.

Future Projects:

- Attempt to use Madness Network to locate Sabbat, by bombarding any Malkavian *Antitribu* with an impulse to call a traceable phone number.
- Fill vacancy in the Malkavian Primogeny

Arrivals:

- JOEY (Clan Unknown) arrived at Elysium. Joey was apparently a recently embracee and as such has been put under the accounting of JAMAL ASSARA.
- ENVY, ANGER and VANITY (all Followers of Set, Independent) arrived in the city along with their friend TONY (Brujah, Independent)
- MATTHEW FRIBBLEY (Clan Unknown, Camarilla) arrived in the city.

Events:

- HELGORIMIR has apparently contacted EVANS.
- ITCH (Nosferatu, Autarkis) terminated

Personal Note: Lansing passed on the sword.

- COLIN (Gangrel, Anarch) infiltrated the 47th floor and attacked EVANS. He has been processed like the other Gangrel but not yet terminated. As a result of this a deal has been broached between EVANS and the self-proclaimed baroness of the Anarchs, KIMIMELEA(Caitiff). "KIM" as she prefers to be called has agreed that her and the Anarchs will be willing to teach disciplines to the Camarilla in general as well as serving as bait in an

arranged meeting between them and the Sabbat member LUCIOUS JACKSON (Clan Unknown)

Current Projects:

- ROGER WILKINSON has agreed to work on computer security in the Bobst Library secondary Elysium, but has been delayed in doing so.
- ADAM JONES has requested the analysis of some crime statistics, in the hopes that they will enable him to pin-point the location of what he deems "Sabbat-pattern criminal activity". I have offered to help.
- KELLEY RONGSTAT has agreed to lend her support in mobilizing NYU to experiment with the HemoPure blood products.

Future Projects:

- Fill vacancy in the Malkavian Primogeniship.
- EVANS has requested that I attempt to psychically read the ash from COLIN's arms and legs.

Personal Note: He could do it himself, but he knows very well what the vision will be like. I can't decide if he's simply being practical or if he's afraid. Langston certainly had bad luck with this sort of thing before (idiot).

10/17/2005 - Additional Personal Note: The vision was as I expected. It felt very much like Bojan ripping open my rib-cage, staking me, and then having Evans saw my arms and legs off. Overall, however, I managed to maintain a grip on reality. Conclusion: Evans is a coward. Langston is still an idiot.

- Obtain Linked-Soul Elixir.
- An unofficial meeting has been scheduled with one NEIDHART VON MEIRLING (Ventrue), a Sabbat defector. Hopefully this will shed some light on the nature of the Sabbat.

Arrivals:

- NICHOLAS ALEXANDER (Brujah, Camarilla) arrived in the city.
- ROSKE (Brujah, Camarilla) arrived in the city.
- JAY GOLDMAN (Nosferatu, Camarilla) arrived in the city.

- EVANS rescinded the previous agreement with the Anarchs after meeting with KIM and her fellow "Baron" JAMES MCGREGOR

(Gangrel).

- The holding cell on the 47th floor was found swarming with supernaturally power cockroaches, presumably from ITCH. In

Elysium

addition to this, one of the prisoners was found un-staked.

- A member of the Sabbat, who appears to have some ability that allows them to move on the same plane as wraiths, was apparently spying on the Elysium. This Sabbat member has been encountered previously in combat and has been identified as being of Clan Salubri (See further notes below for more details) The entirety of this event was reported by ANGELUS DUNSIRN.

Notes Regarding Clan Salubri:

- Clan Salubri is identifiable by the fact that every member of it bears a third eye on the center of their forehead.
- The Salubri were a Clan from antiquity that is now mostly extinct. Originally they were divided into a Healer Caste and a Warrior Caste, although it seems that only the Warrior Caste remains.
- The Salubri are rumored to be infernalists, although there is some speculation that this was merely hearsay started by Clan Tremere.

Personal Note: I discussed the Salubri with Jones to some extent, and given the outrageousness of his reaction, I'm inclined to believe the Tremere have at least inflated if not fabricated the Salubri's reputation.

Current Projects:

- ROGER WILKINSON has agreed to work on computer security in the Bobst Library secondary Elysium, but has been delayed even further in doing so. JONES assures me that he'll get to it.
- ROLAND DE LACROIX has asked me to attempt to seek out other people with a tattoo on their arm similar to his. His tattoo reads "SLAVE 17".
- C-DOG has asked me to aid him in located his friend CRISPIN (Malkavian, Anarch). Some progress has been made. A projection sent over the network managed to put him in brief phone contact with C-DOG and myself. He is currently being held by BROMME FRIEDRICH.

Future Projects:

- Obtain *more* Linked-Soul Elixir.

Arrivals:

- No new arrivals

Events:

- I personally attended the wake held for the Gangrel COLIN at a warehouse in Statton Island. I brought the ashes prepared from the previous week's experiment.
- LANSING took KIM and MCGREGOR to view the 47th floor holding cell. No prisoners were to be found and the two of them seem to be satisfied.
- JONES voiced concern over tampering with a Tremere *Antitribu* Chantry. (See notes below.)

Notes Regarding the Tremere *Antitribu*:

- The Tremere *Antitribu* were a group of Tremere who defected to the Sabbat.
- Apparently the entirety of this *Antitribu* Clan has been wiped out through some mystical curse.

Meeting with Faustus

Notes Regarding Clan Giovanni:

- The Giovanni are a family as well as a Clan, and generally are Mafioso in addition to being Necromancers (getting their fingers in both Underworlds, so to speak).
- Originally, however, the Giovanni are descended from another Clan, the Cappadocians.
- The curse of the Giovanni is that their bite cannot deliver the Kiss. Instead, their bite brings great pain and suffering. The Cappadocians did not have the same curse as their descendants however.

Notes Regarding Setite Religion:

- According to the Setite Religion, Set was the original vampire (instead of the mythical Cain). Set created the thirteen Clans.
- Set gained his powers of darkness after capturing Apep, the Serpent of Darkness.
- When each Clan turned away from Set, he cursed them and they then proceeded to make others in their "flawed" image.
- Setitism preaches freedom from the gnostic Aeons and the conventions of everyday morality.

IMPORTANT: There is allegedly some form of Setite Sorcery which can cause a targeted victim to hallucinate snakes.

Current Projects:

- REINO HALDOR has offered to lend the support of his contacts in the health industry to aid in the HemoPure research project.

- JAY GOLDMAN made Primogen of Clan Nosferatu
- ADAM JONES was accosted earlier in the evening by a mortal named DEVON SMITH regarding his involvement with the paperwork problems plaguing the city. He was detained by Clan Tremere and handed over to me for interrogation.

-

Notes regarding Devon Smith

- Devon is part of some sort of Gaia-centric cult which operates in Central Park. They call themselves the "Bone Gnawers".
- The leader of this group is known as UNCLE BOB
- This group is cognizant of Kindred society, which it looks down upon and refers to as "leeches."

The Nine Gates of Setite Initiation:

- **THE GATE OF ECSTASY:** An extreme experience of either pain or pleasure which shocks you out of your normal reality.
- **THE GATE OF WRATH:** To become so filled with anger and rage that you act without concern or heed of conventional morality.
- **THE GATE OF SATIETY:** To have something you want to the point of being cloyed and disgusted by it.
- **THE GATE OF DESIRE:** To want something so badly that you will do what is shameful and degrading to obtain it.

Personal Note: This is the one gate I haven't passed through. I doubt I ever will. But then again, I'm not terribly interested in becoming a Setite.

- **THE GATE OF FEAR:** To become so overcome with fear that you act without pride or consideration.
- **THE GATE OF CHAOS:** To look at the world and see its underlying structures are false. To realize the absurdity of the Cosmos.
- **THE GATE OF DESPAIR:** To become so overcome with despair that you cease to function or hope.
- **THE GATE OF IGNORANCE:** To have whatever or whomever you believe in most be proved false.
- **THE GATE OF BLOOD:** To be made a ghoul or Embraced.

- ANATOLE GEBERTE (Giovanni, Independent) arrived in the city.
- ELISE ALLISION (Malkavian, Camarilla) arrived in the city.

Current Projects:

- Investigate any connection between LORD NICOLAI, LANSING and JIMMY.
- Study material recovered from the raid on TEMPLAR's **haven**.

Arrivals:

- "JIMMY" (Clan Unknown) arrived in the city, rather confused. As no formal court was held, he was not able to present himself formally.

Events:

- Capture of ROLAND DE LA CROIZ ("SLAVE 17"), an initiate Sabbat member. He was summarily interrogated, staked and put with the others.
- The haven of ISAAC TEMPLAR, which was a recorded Sabbat meeting point was destroyed. A great deal of material was recovered.

Current Projects:

- Locate and destroy LANSING.

Future Projects:

- Seize and redistribute WEST and LANSING's assets.

Arrivals:

- NICOLAI, Chicago Lord of Clan Tremere visited incognito to check up on the resident members of his Clan.

Events:

- WILLIAM LANSING, after being implicated in an assassination coup against EVANS, was captured, only to escape and declare *praxis* on the behalf of DARREN WEST. WEST flew into the city to back him. Both LANSING and WEST were then placed under the blood hunt and WEST was eventually shot down in the Chantry of the Five Borroughs, although his life was spared as a favor to LORD NICOLAI.

- Trail the Sabbat. I have LAYLA. AUBERON has IMPULSE.

Events:

- I was awarded the status "Devoted." ADAM JONES was also awarded status
- BOJAN PETROV appointed Primogen of Clan Brujah
- The Sabbat participated in a game of instinct which created a massive panic after several people (including film director Spike Lee) were slain at a Knicks game at Madison Square Gardens. There was a smaller incident that took place at St. Patrick's cathedral.

Elysium

Current Projects:

- VOJISLAV

Events:

- The Sabbat attempted to celebrate the *Festivo* by mass embracing a group of children at a Chuck E. Cheese's. Some plans seem to have been made to incite a riot using ghouls dominated/fleshcrafted to resemble vampires. This was thwarted when AUBERON XERICES called a bomb threat to the restaurant in question.
- Brujah *Antitribu* JOHN WINTERS was taken captive by a team of myself, EVANS, PETROV, ROSKE, JAMAL and HALDOR. REESE has made requests for his return, which are being denied.
- The switchover doesn't appear to have been noticed for the evening. We might try it again later. I think I held court rather well, all things considered, although I'll have to check and see that EVANS didn't permanently alienate everyone I normally talk to. AUBERON seems upset at least.

Current Projects:

- Contact DAWSON regarding the disposal of prisoners.
- VOJISLAV.

Arrivals:

- TALBOT KEATS of Clan Toreador arrived in the City. He is only visiting for a while.
- CHRISTIAN BARNETT of Clan Assamite (Schismatic) arrived in the city.

Events:

- ADAM JONES bestowed the status "Respected" upon his Clanmate REINO HALDOR.
- EMMANUEL JAMES RICHARD IV appointed Minor Harpy by AUBERON XERICES
- The Assamites DEVON FARREL and "H" performed a great number of actions contrary both to the will of their Clan and to the traditions of the Camarilla. These included a declaration of war against Clan Giovanni, the attempted assassination of Camarilla member GRETCHEN FAUSTUS, and an assault upon our security guards which breached the Masquerade. Their Clan currently reports that they wish to have them dealt with.

Minor Note: A bottle of Everlasting Plum Wine has been stolen. Simon seems anxious about it (although he's anxious about everything). I think I'll talk to him.

Network:

Current Projects:

- VOJISLAV

Events:

- JOEY NAVIS committed to me for punishment. I used the "brainmogrifier". Not a rousing success.
- AUBERON XERICES removed two status from himself. He was then awarded one by the EVANS for being appropriately self-chastising.
- Bojan and I called VOJISLAV. I'm to meet with him on Tuesday at a Denny's. My desk drawer needs a new handle.
- SIMON confessed to stealing the Plum Wine and then attempted to initiate telepathy with me. XERICES claims this will incur at least a blood boon.
